

ROOTSTOCK SERVICES

Below are the Citrus rootstock varieties we have produced and forecast to be produced in the near future.

All our seed is certified AusCitrus supplied seed.

All plants are grown in a 250ml- 50mm Forrestry tube, and we supply 77 plants per tray.

Minimum orders are 5 trays and 1 tray per variety.

We are a BioSecure certified nursery and able to send plants to any state, plus we can organise freight to almost anywhere in the country.
